SCOPE OF WORK FOR STACK MONITORING OF DIESEL GENERATORS

Background:

Bank of Baroda (BOB) owns diesel generators -2- nos. (-1- no. 750 KVA & -1- no. 250 KVA) in its Zonal Office at Lucknow as a stand-by for electricity generation. We use the DG's only in case of power failure.

We invite quotations for the following scope of work from the laboratories approved by Ministry of Environment and Forest & Climate Change (MoEF & CC).

Scope of work:

Sr.No.	Parameters to be monitored	Frequency of monitoring
1	Insertion loss of DG sets	Monthly
2	Ambient Noise Monitoring during daytime (6 am to 10 pm) and nighttime (10 pm to 6 am)	Monthly

It is mandatory for laboratory to submit the valid gazette notification/approval certificate of Ministry of Environment and Forest & Climate Change (MoEF & CC) while sending the quotation.

- Laboratory shall bring all the equipment's, bottles, filter papers, reagents, electric cables, extension box required for conducting the monitoring.
- Monitoring laboratory should use all the personal protective equipment's (PPE) like helmet, hand gloves, goggles etc as applicable while conducting the monitoring.
- After conducting the monitoring, laboratory to furnish the reports complete in all manner within one month (one soft copy & one hard copy).
- Cost shall be inclusive of all including transportation, lodging and boarding etc. and no extra shall be paid by BOB after release of Purchase Order.
- Insurance/Safety of the persons involved in the process shall be taken care of by the vendor only
- Insurance/Safety of the persons involved in the process shall be taken care of by the vendor only
