During evaluation of the Tenders, the Bank, at its discretion, may ask the Bidder for clarification in respect of its tender. The request for clarification and the response shall be in writing, and no change in the substance of the tender shall be sought, offered or permitted.

2.2 Commercial Bid Evaluation

The commercial bids of only those vendors who qualify in eligibility cum technical evaluation will be opened. The date for opening of the commercial bid would be communicated separately to the eligible vendors. The commercial bids submitted by vendors will be evaluated based on discounted total cost of ownership. The discount rate will be used @ 10%. The key considerations of the TCO would be the total payouts for entire project through the contract period, discounted at 10% to arrive at the present value of the future cash outflows. Accordingly the L1 (Lowest Vendor) would be arrived at. The calculation performed by the Bank in this regard is as follows:

- ▶ The discounted rate will be calculated on yearly basis based on the formula $A/(1+i/100)^n$ where A= Total Value in each Year; i=10% and n =Year.
- ▶ The Present Value will be calculated for all components where the payment is recurring year on year. The Present Value for the component will start from the year of purchase of that component / start of the services (AMC) and shall be calculated till the end year of the contract. Further n - number of period will be '0' in the year of purchase of that component / start of the services and subsequently increased by 1 for subsequent years.
- ▶ Any component / service for which the payment is a One Time Cost the NPV cost of the equipment / service for that year will be considered and the relevant year's NPV cost will be added as part of the Present Value calculation for that year. Further the payment of the OTC component / service not being recurring in nature hence the present value for that component / service will be considered in the year of purchase only and not in subsequent years.

The decision of the Bank shall be final and binding on all the bidders to this document. The Bank reserves the right to accept or reject an offer without assigning any reason whatsoever. The bidder is expected not to add any conditions / deviations in the commercial bid. Any such conditions / deviations may make the bid liable for disqualification.

7. Guidelines to Bidders for Electronic Tendering System

Pre-requisites to participate in the Tenders

Registration of bidders on e-procurement portal of Bank of Baroda:

The bidders unregistered on e-procurement portal of Bank of Baroda and interested in participating in the e-tendering process shall be required to enroll/register on the e-procurement portal. To enroll, bidders have to generate User ID and password on www.tenderwizard.com/BOB. Preparation of Bid & Guidelines for Digital Certificate

The Bid Data that is prepared online is required to be signed & encrypted and the hash value of the Bid Data is required to be signed electronically using a Class III Digital Certificate. This is required to maintain the security of the Bid Data and also to establish the identity of the Bidder transacting on the System. This Digital Certificate should be having Two Pair (1. Sign Verification 2. Encryption/ Decryption). Encryption Certificate is used to encrypt the data / information and Signing Certificate to sign the hash value during the Online Submission of Tender stage.

The Digital Certificates are issued by an approved Certifying Authority authorized by the Controller of Certifying Authorities of Government of India through their Authorized Representatives upon receipt of documents required to obtain a Digital Certificate.

Bid data / information for a particular Tender must be submitted only using the Digital Certificate. In case, during the process of preparing and submitting a bid for a particular tender, the bidder loses his / her Digital Signature Certificate (i.e. due to virus attack, hardware problem, operating system problem), he / she may not be able to submit the Bid online. Hence, the bidders are advised to store his / her Digital Certificate securely and if possible, keep a backup at safe place under adequate security to be used in case of need.

In case of online tendering, if the Digital Certificate issued to an authorized user of a partnership firm is used for signing and submitting a bid, it will be considered equivalent to a no objection certificate / power of attorney to that user to submit the bid on behalf of the Partnership Firm. The Partnership Firm has to authorize a specific individual via an authorization certificate signed by a partner of the firm (and in case the applicant is a partner, another partner in the same form is required to authorize) to use the digital certificate as per **Indian Information Technology Act, 2000**.

Unless the Digital Certificate is revoked, it will be assumed to represent adequate authority of the Authority User to bid on behalf of the Firm for the Tenders processed on the Electronic Tender Management System of Bank of Baroda as per **Indian Information Technology Act, 2000**. The Digital Signature of this Authorized User will be binding on the Firm. It shall be the responsibility of Partners of the Firm to inform the Certifying Authority or Sub Certifying Authority, if the Authorized User changes, and apply for a fresh Digital Signature Certificate. The procedure for application of a Digital Signature Certificate will remain the same for the new Authorized User.

The same procedure holds true for the Authorized Users in a Private / Public Limited Company. In this case, the Authorization Certificate will have to be signed by the Director of the Company or the Reporting Authority of the Applicant.

The bidder should Ensure while procuring new digital certificate that they procure a pair of certificates (two certificates) one for the purpose of Digital Signature, Non-Repudiation and another for Key Encipherment.
