Pre-requisites to participate in the Tenders

Registration of bidders on e-procurement portal of Bank of Baroda:

The bidders unregistered on e-procurement portal of Bank of Baroda and interested in participating in the e-tendering process shall be required to enroll/register on the e-procurement portal. To enroll, bidders have to generate User ID and password on www.tenderwizard.com/BOB. Preparation of Bid & Guidelines for Digital Certificate

The Bid Data that is prepared online is required to be signed & encrypted and the hash value of the Bid Data is required to be signed electronically using a Class III Digital Certificate. This is required to maintain the security of the Bid Data and also to establish the identity of the Bidder transacting on the System. This Digital Certificate should be having Two Pair (1. Sign Verification 2. Encryption/ Decryption). Encryption Certificate is used to encrypt the data / information and Signing Certificate to sign the hash value during the Online Submission of Tender stage.

The Digital Certificates are issued by an approved Certifying Authority authorized by the Controller of Certifying Authorities of Government of India through their Authorized Representatives upon receipt of documents required to obtain a Digital Certificate.

Bid data / information for a particular Tender must be submitted only using the Digital Certificate. In case, during the process of preparing and submitting a bid for a particular tender, the bidder loses his / her Digital Signature Certificate (i.e. due to virus attack, hardware problem, operating system problem), he / she may not be able to submit the Bid online. Hence, the bidders are advised to store his / her Digital Certificate securely and if possible, keep a backup at safe place under adequate security to be used in case of need.

In case of online tendering, if the Digital Certificate issued to an authorized user of a partnership firm is used for signing and submitting a bid, it will be considered equivalent to a no objection certificate / power of attorney to that user to submit the bid on behalf of the Partnership Firm. The Partnership Firm has to authorize a specific individual via an authorization certificate signed by a partner of the firm (and in case the applicant is a partner, another partner in the same form is required to authorize) to use the digital certificate as per **Indian Information Technology Act, 2000**.

Unless the Digital Certificate is revoked, it will be assumed to represent adequate authority of the Authority User to bid on behalf of the Firm for the Tenders processed on the Electronic Tender Management System of Bank of Baroda as per **Indian Information Technology Act, 2000**. The Digital Signature of this Authorized User will be binding on the Firm. It shall be the responsibility of Partners of the Firm to inform the Certifying Authority or Sub Certifying Authority, if the Authorized User changes, and apply for a fresh Digital Signature Certificate. The procedure for application of a Digital Signature Certificate will remain the same for the new Authorized User.

The same procedure holds true for the Authorized Users in a Private / Public Limited Company. In this case, the Authorization Certificate will have to be signed by the Director of the Company or the Reporting Authority of the Applicant.

The bidder should Ensure while procuring new digital certificate that they procure a pair of certificates (two certificates) one for the purpose of Digital Signature, Non-Repudiation and another for Key Encipherment.

To operate on the Electronic Tendering System, the bidders are recommended to use Computer System with at least 2 GB of RAM and broadband connectivity with minimum 1 Mbps bandwidth. Annexure 12 – Service Levels

This Service Level Document is developed to provide Bank with optimal services rendered by the vendor.

Vendor should be capable of providing an uptime of 95% (during Warranty period), calculated on a quarterly basis.

Uptime percentage - 100% less Downtime Percentage

Downtime percentage - Unavailable Time divided by Total Available Time, calculated on a quarterly basis.

Total Available Time - Two shifts a day (9am to 6pm) for six days a week

Unavailable Time - Time involved while any part of the core configuration or system software component is inoperative or operates inconsistently or erratically.

For SLA purpose a quarter will be treated as 90 days. If the vendor fails to maintain guaranteed uptime on quarterly basis, Bank shall impose penalty. If the uptime is below 95%, the Bank shall have full right to terminate the contract under this RFP.

Penalty

The selected Vendor shall perform its obligations under the agreement entered into with the Bank, in a professional manner. In the event of failure of maintaining the uptime SLA and Warranty terms, a standby arrangement should be provided till the machine is repaired (of equivalent or higher configuration). Down time will be calculated from the time of break-down message over telephone / SMS or by e-mail / fax till the system becomes functional or standby is provided. The selected vendor will provide onsite service of the equipment.

During the warranty period, for every fall of 1% above the permissible level of 95.00% down time on quarterly basis, penalty will be levied @ 1% of the price of the machine subject to maximum 10% of the price of the machine per quarter OR the warranty period will have to be extended by one month. The Vendor should immediately provide Bank with an equivalent standby system in case of failures

The overall penalty on account of service level default is capped to a max 20% of the TCO value of that specific item.

These penalty charges will be deducted from the Bank guarantee offered as security deposit or from any Bill payable to the Vendor. Bank may recover such amount of penalty from any payment being released to the vendor, irrespective of the fact whether such payment is relating to this contract or otherwise. If any act or failure by the vendor under the agreement results in failure or inoperability of systems and if the Bank has to take corrective actions to ensure functionality of its property, the Bank reserves the right to impose penalty, which may be equal to the cost it incurs or the loss it suffers for such failures.

Note: If equivalent standby is provided that will not be considered as downtime to the maximum period of 7 working Days.
