2.2 Commercial Bid Evaluation

- The commercial quotes are not required to be submitted under current tender submission by the bidders. Commercial quotations will be invited by Bank from empaneled vendors during the empanelment period based on Bank's requirements.
- The format of commercial quotes will be given by Bank at the time of seeking commercial quotes and empaneled bidders are required to quote as per the prescribed format only.
- Commercial quote should be submitted through offline/online mode as prescribed by bank at the time of seeking commercials. Price should be inclusive of all taxes, duties, levies etc. except Goods & Services Tax which will be paid extra at actual on production of original receipt.
- Successful empaneled vendors who do not submit the commercial quote against any of the said requirement, Bank has discretion to disqualify them from empanelment process and thereafter will not be eligible to participate in any of banks requirement during the empanelment period. The EMD/Security Deposit submitted by the bidder will be forfeited.
- Empaneled vendors need to submit the commercials against the Bank's requirement and the L1 bidder would be decided based on evaluation process. The commercial bids submitted by vendors will be evaluated based on discounted total cost of ownership. The discount rate will be used @ 10%. The key considerations of the TCO would be the total payouts for entire project through the contract period, discounted at 10% to arrive at the present value of the future cash outflows. Accordingly the L1 (Lowest Vendor) would be arrived at. The calculation performed by the Bank in this regard is as follows:
 - The discounted rate will be calculated on yearly basis based on the formula $A/(1+i/100)^n$ where A= Total Value in each Year; i=10% and n =Year
 - The Present Value will be calculated for all components where the payment is recurring year on year. The Present Value for the component will start from the year of purchase of that component / start of the services and calculated till the end year of the contract. Further n – number of period will be '0' in the year of purchase of that component / start of the services and subsequently increased by 1 for subsequent years.
 - Any component / service for which the payment is a One Time Cost the NPV cost of the equipment / service for that year will be considered and the relevant year's NPV cost will be added as part of Present Value calculation for that year. Further the payment of the OTC component / services is not recurring in nature hence the present value for that component / services will be considered in the year of purchase only and not in subsequent years.

1.5 Guidelines to Bidders for Electronic Tendering System

1.5.1 Pre-requisites to participate in the Tenders

Registration of bidders on e-procurement portal of Bank of Baroda:

The bidders unregistered on e-procurement portal of Bank of Baroda and interested in

participating in the e-tendering process shall be required to enroll/register on the e-procurement portal. To enroll, bidders have to generate User ID and password on www.tenderwizard.com/BOB. 1.5.2 Preparation of Bid & Guidelines for Digital Certificate

The Bid Data that is prepared online is required to be signed & encrypted and the hash value of the Bid Data is required to be signed electronically using a Class III Digital Certificate. This is required to maintain the security of the Bid Data and also to establish the identity of the Bidder transacting on the System. This Digital Certificate should be having Two Pair (1. Sign Verification 2. Encryption/ Decryption). Encryption Certificate is used to encrypt the data / information and Signing Certificate to sign the hash value during the Online Submission of Tender stage.

The Digital Certificates are issued by an approved Certifying Authority authorized by the Controller of Certifying Authorities of Government of India through their Authorized Representatives upon receipt of documents required to obtain a Digital Certificate.

Bid data / information for a particular Tender must be submitted only using the Digital Certificate. In case, during the process of preparing and submitting a bid for a particular tender, the bidder loses his / her Digital Signature Certificate (i.e. due to virus attack, hardware problem, operating system problem), he / she may not be able to submit the Bid online. Hence, the bidders are advised to store his / her Digital Certificate securely and if possible, keep a backup at safe place under adequate security to be used in case of need.

In case of online tendering, if the Digital Certificate issued to an authorized user of a partnership firm is used for signing and submitting a bid, it will be considered equivalent to a no objection certificate / power of attorney to that user to submit the bid on behalf of the Partnership Firm. The Partnership Firm has to authorize a specific individual via an authorization certificate signed by a partner of the firm (and in case the applicant is a partner, another partner in the same form is required to authorize) to use the digital certificate as per *Indian Information Technology Act, 2000*.

Unless the Digital Certificate is revoked, it will be assumed to represent adequate authority of the Authority User to bid on behalf of the Firm for the Tenders processed on the Electronic Tender Management System of Bank of Baroda as per *Indian Information Technology Act, 2000*. The Digital Signature of this Authorized User will be binding on the Firm. It shall be the responsibility of Partners of the Firm to inform the Certifying Authority or Sub Certifying Authority, if the Authorized User changes, and apply for a fresh Digital Signature Certificate. The procedure for application of a Digital Signature Certificate will remain the same for the new Authorized User.

The same procedure holds true for the Authorized Users in a Private / Public Limited Company.

The bidder should Ensure while procuring new digital certificate that they procure a pair of certificates (two certificates) one for the purpose of Digital Signature, Non-Repudiation and

another for Key Encipherment.

Annexure 11 - Service Levels

1. Detailed Service Levels and Definitions:

This Section describes the service levels that have been established for the Services offered by the Service Providers to the BANK. The Service Provider shall monitor and maintain the stated service levels to provide quality customer service to the BANK.

System availability is defined as:

$\{(Scheduled\ operation\ time - HTS\ VSAT\ downtime) / (Scheduled\ operation\ time)\} * 100\%$

Where:

- a) **“Scheduled operation time”** means the scheduled operating hours of the System for the month. All planned downtime on the system would be deducted from the total operation time for the month to give the scheduled operation time.
 - a. **Calculation** – Total Operation Time for the month (min) – Planned downtime (min)
- b) **“HTS VSAT downtime”** subject to the SLA, means accumulated time during which the VSAT is inoperable due to in-scope system or NW failure, and measured from the time Bank and/or its customers inform to Vendor or log a call with the SP help desk of the failure or the failure is known to the SP from the availability measurement tools to the time when the HTS VSAT is returned to proper operation.

NOTE: Down call will be calculated as per availability in bank's monitoring tools. SP have to submit proof if part/full downtime of any incident is bank dependency. SP have to proactively monitor the link & log the call. Any level of troubleshooting as part of link restoration may be performed by onsite SP engineer visiting branch. Delay in such FE alignment & troubleshooting will be SP responsibility, Branch staff may or may not attend any request for on calls or remote troubleshooting subject to their discretion.
- c) The business hours are 7 AM to 11 PM on any calendar day the Bank's branch is operational. The SP however recognizes the fact that the branches will require to work beyond the business hours.
- d) Critical infrastructure of VSAT will be supported on 24x7x365 days basis.
- e) Outage shall commence when the critical infrastructure fails.
- f) If any one or more of the components defined in “Critical” are down resulting in non-availability of Banking solution deployed, then the services listed in the availability measurements table shall be considered for calculating the downtime.
- g) Typical Resolution time will be applicable only if any VSAT equipment or Infrastructure or NW is down or Services are not stable due to drops, flapping, LOS etc.

2. Service Levels:

Service Levels will include **Availability measurements & Performance measurements**

Availability Report will be provided on monthly basis and a review shall be conducted based on this report. A Monthly report shall be provided to the Bank by the SP at the end of every month containing the summary of all incidents (Monthly Call Summary Report) reported and associated SP performance measurement for that period. All Availability Measurements will be on a monthly basis for the purpose of Service Level reporting.

Audits will normally be done on monthly / quarterly basis or as required by Bank and will be performed by Bank or Bank appointed third party agencies.

Performance Measurements:

Performance measurements will normally be done on monthly basis or as required by Bank and will be performed by Bank or Bank appointed third party agencies. SP representative will assist Bank in performing Performance Measurements.

3. Penalty Charges

Inability of the VSAT to deliver the required functionality at performance levels expected and detailed under the above clauses would result in breach of contract and would invoke the SLA charges clause.

VSAT – Branch / Office & DC / DR connectivity

A >= 99.5%	No Penalty
99% =< A < 99.5%	2% of cost of monthly rental charges
98.5% =< A < 99%	5% of cost of monthly rental charges
98% =< A < 98.5%	10% of cost of monthly rental charges
A < 98%	Penalty at an incremental rate of 2% (in addition to a base of 10%) of cost of monthly rental charges for every 0.5% lower than the stipulated uptime

VSAT HUB / Backhaul Link

A >= 99.99%	No Penalty
99.90% =< A < 99.99%	1% of total order cost (combining all live VSAT locations) of monthly rental charges
99.80% =< A < 99.90%	2% of total order cost (combining all live VSAT locations) of monthly rental charges
A < 99.80%	Penalty at an incremental rate of 1% (in addition to a base of 2%) of cost of monthly rental charges for every 0.1% lower than the stipulated uptime

Record and data for the Service Availability computations and determinations as available in 'Downtime/ Availability' report.

The SLA charges will be subject to an overall cap of the monthly rental charges and thereafter, Bank has the right to Cancel/Surrender the link.

Rental charges shall be as per the definition provided in Appendix 1, Commercial Bid details.

Availability Service Level Default

- Availability Service Level will be measured on a monthly basis.
- The SP's performance to Availability Service Levels will be assessed against Minimum Service Level requirements on a monthly basis for each criteria mentioned in the Availability measurement table
- An Availability Service Level Default will occur when the vendor fails to meet Minimum Service Levels, as measured on a monthly basis, for a particular Service Level.

Penalty for Late Delivery of New HTS VSAT links

Vendor will have to pay late delivery charges to the Bank @ 1% of the purchase order value inclusive of all taxes, duties, levies etc., per week or part thereof, for late delivery beyond due date of delivery, to a maximum of 5% of the total purchase order value inclusive of all taxes, duties, levies etc. If delay exceeds the maximum percentage of 5%, Bank reserves the right to cancel the respective purchase order.

If the selected bidder fails to complete the due performance as per this RFP, BOB reserves the right to terminate the contract and recover Liquidated Damages of 3% of contract value.

Penalty for Late Delivery of Link Shifting

Bank will ask the vendor to shift any existing link to new location and vendor must confirm the new site technical feasibility within two weeks of such intimation from the Bank. If new site found feasible, vendor should shift the link to new locations within 4 weeks from the date of issue of purchase order. If link could not be shifted or found TNF after issue of shifting PO, Late delivery charges of Rs.1000/- per week up to maximum of quarterly ARC charges of the link would be applicable in addition to the penalty on the uptime of the link.

Non -Availability of onsite Resource

Key personnel or backup key personnel not available on site more than three days in a month, a penalty of Rs.1000 per day will be levied subject to maximum of Rs.15000/-

4. FAULT REPORTING, TROUBLE TICKETING AND CALL CLOSURE PROCEDURE

- 1) The Bank personnel shall notify the Service Provider DC HELPDESK to report a Service Outage. The Service Provider DC HELPDESK shall have a Trouble Ticket opened for the Bank and Bank shall quote the Trouble Ticket Number in all future communication. SP have to proactively monitor the link & log the call. Any level of troubleshooting as part of link restoration may be performed by onsite SP engineer visiting branch. Delay in such FE alignment & troubleshooting will be SP responsibility, Branch staff may or may not attend any request for on calls or remote troubleshooting subject to their discretion.
- 2) Upon opening of a Trouble Ticket, Service Provider shall investigate the reported Service Outage and shall promptly rectify the same.
- 3) In case the Call is related to any equipment or performance, or any repair, which would cause a Service Outage, appropriate notice shall be sent to the Bank, before taking the equipment in maintenance.

- 4) Any call, which is not resolved within 1 Hour of reporting, must be informed to Bank.
- 5) Service Provider shall attempt to resolve all Trouble tickets in accordance to the Resolution matrix mentioned above. The resolution could be repair / replacement or providing a work around which does not hamper the normal productivity of the Bank.
 - a) Upon such rectification, Service Provider shall communicate the same to the Bank and close the Trouble Ticket. Service Provider shall ensure that call closure is done after Bank's acknowledgement.
