## Srei Admin to Control

**ON THE AGENDA** Also to approach

**Sangita, Mehta**  
[@timesgroup.com](mailto:@timesgroup.com)

**Mumbai:** The administrator of Srei Infrastructure Finance and Srei Equipment Finance, Rajnesh Sharma, will seek a mandate from lenders to control the cash flows of the subsidiaries of the two bankrupt companies and appoint EY as its financial advisor, said two senior officials aware of the development.

The mandate is being sought based on an internal assessment by lenders led by UCO Bank that the promoters - the Kanoria brothers - allegedly diverted money borrowed from banks to infuse equity in the subsidiaries, the officials said.

The administrator will seek this mandate from the lenders in the upcoming first committee of creditors (CoC) meeting scheduled in the first week of November. These proposals were discussed at an informal meeting held on October 19 by the administrator, the people said.

For instance, Bharat Road Network, a subsidiary of Srei Equipment, has seven special purpose vehicles (SPVs) for strengthening expressways, of which two SPVs

## AAI to Focus on New Airports

►► From Page 1

As part of the National Monetisation Plan (NMP), the government plans to award 25 airports in the next four years, including the above 13. This follows the six awarded to the Adani Group in 2019 at the beginning of the second phase of privatisation after the airports of Delhi, Mumbai, Bengaluru and Hyderabad were handed over to private operators in 2005-6.

The government's plan is to liberalise the sector with the privatisation of profit-making airports. AAI's mandate will be expanded to develop new ones in areas where the private sector may not want to venture through profits earned through revenue share from the privatised airports.

AAI's earnings took a hit from Covid. It posted a record loss of Rs 1,962 crore in FY21 and was forced to borrow Rs 1,500 crore from State Bank of India to meet working capital requirements, including salaries. With the situation returning to normal and passenger traffic picking up, AAI will not have to borrow for working capital needs this year.

Despite the loss, capital expenditure was Rs 2,100 last year. It has borrowed Rs 1,000 crore for the purpose this year.

"Our capital expenditure will continue as planned," Kumar said. "To meet the capital expenditure requirements for this fiscal, we have borrowed Rs 1,000 crore. Further, based on the future funds requirement, a decision on additional borrowing will be undertaken."
