The Bank acknowledges that nothing contained in this Tender and subsequent Agreement

shall be construed as conveying by the Vendor or its licensor's title or ownership interest in any licensed software or any derivative works thereof and enhancements thereto. Nothing contained herein shall be construed to preclude the Vendor from owing, using, improving, marketing, including without limitation, licensing to other persons any and all licensed software.

- E. Rights: The Vendor shall ensure that the software does not infringe third party intellectual property rights. If a third party's claim endangers or disrupts the Bank's use of the software, the Vendor shall be required to, at no further expense, charge, fees or costs to the Bank, (i) obtain a license so that the Bank may continue use of the software in accordance with the terms of this Tender and subsequent Agreement and the license agreement; or (ii) modify the software without affecting the functionality in any manner so as to avoid the infringement; or (iii) replace the software with a compatible, functionally equivalent and non-infringing product; or (iv) refund to the Bank the amount paid for the infringing software and bear the incremental costs of procuring a functionally equivalent software from a third party, provided the option under the sub clause (iv) shall be exercised by the Bank in the event of the failure of the Vendor to provide effective remedy under options (i) to (iii) within a reasonable period which would not affect the normal functioning of the Bank. The Vendor shall have no liability for any claim of infringement based on (i) a claim which continues because of Bank's failure to use a modified or replaced software that is at least functionally equivalent to the software, or the Bank's failure to use corrections, fixes, or enhancements made available and implemented by the Vendor, despite notice of such failure by the Vendor in writing, (ii) any change, not made by or on behalf of the Vendor, to some or all of the software/deliverables supplied by the Vendor or modification thereof, provided the infringement is solely on account of that change ; or (iii) the Bank's continued misuse of some or all of the software/deliverables or any modification thereof despite notice from the Vendor of such misuse in writing.

Vendor is the Prime Vendor for purposes of all deliverables and services, with the single-point responsibility for the same. Should the software provided by the Vendor be infringing, it would have a serious business impact on the business of the Bank.

Therefore, the Vendor should take responsibility of its actions. Even if Bank would have used the deliverables before the infringement was noticed, legally each such use constituted infringement and therefore the Vendor is in breach of the Vendor's warranty and obligation.

2. Evaluation process

A two bid system is adopted for selection of the vendor:

- ▶ Stage 1 –Eligibility Bid evaluation
- ▶ Stage 2 - Evaluation methodology for eligible bidders
 - Technical Bid Evaluation
 - Commercial Bid Evaluation
 - Weighted evaluation

During evaluation of the Tenders, the Bank, at its discretion, may ask the Vendor for clarification in respect of its tender. The request for clarification and the response shall be in writing, and no change in the substance of the tender shall be sought, offered, or permitted. The Bank reserves the right to accept or reject any tender in whole or in parts without assigning any reason thereof. The decision of the Bank shall be final and binding on all the vendors to this document and bank will not entertain any correspondence in this regard.

2.1 Eligibility Bid

Eligibility criterion for the Vendor to qualify this stage is clearly mentioned in Annexure 02 – Eligibility Criterion Compliance to this document. The vendor would need to provide supporting documents as part of the eligibility proof.

2.2 Evaluation Methodology for Eligible Bidder

After qualifying the eligibility criteria, the evaluation will be a three stage process. The stages are:

- ▶ Technical Bid Evaluation
- ▶ Commercial Bid Evaluation
- ▶ Weighted evaluation

The technical evaluation and the commercial evaluation shall have the weightage of 70% and 30% respectively and this weightage shall be considered for arriving at the successful bidder. The evaluation methodology vis-à-vis the weight-ages are as under:

○ Technical Bid Evaluation

The Technical Proposal will be evaluated only for those respondents who are fulfilling the eligibility criteria.

During evaluation of the Tenders, the Bank, at its discretion, may ask the Bidder for clarification in respect of its tender. The request for clarification and the response shall be in writing, and no change in the substance of the tender shall be sought, offered or permitted.

The vendor needs to achieve a cut – off score of 70 marks in this evaluation stage to be qualified for commercial bid opening. Only those vendors who achieve the specified cut – off scores would be short-listed for Commercial Bid Evaluation. Further the vendor must score a minimum of 70% compliance in Technical and Functional Specifications compliance separately. Even if the vendor meets the 70 mark cut-off

and does not meet this criterion of 70% compliance, the vendor would have deemed not to be meeting the RFP Technical requirements. The Technical Proposal will be evaluated for technical suitability and the criteria for evaluation of technical bids are as under:

S. No.	Criteria	Evaluation Parameters	Sub Scores
1*	The number of Implementations carried out in India in the last 3 years starting from 01-04-2015 till RFP submission date **	For each Implementation 2 marks. Additional Marks for implementation in any Banking / Financial / Insurance Sector in India / Globally. Proof of such work and completion of implementation should be submitted along with the response.	10
2*	Technical & Functional Specifications compliance	As per Functional Scoring Sheet in Annexure 10	50
3	Technical Presentation on Proposed Solution by the Bidder	Technical presentation will be evaluated on the following parameters: 1. Proposed Solution (5 Marks) 2. IT architecture and approach & methodology (5 Marks) 3. Project Governance and Project Team (5 Marks) 4. Future Scalability (5 Marks)	20
4	Product Demo In case Bank during this demonstration feels that any of the feature is not available and needs to be customized then no marks shall be allotted and if customization is not required and the feature is readily available then mark shall be allotted	Demonstration of in-depth understanding of the Bank's project technical and functional requirements. Major Criteria for demonstration (but not limited to) given in Annexure 10	20
TOTAL MARKS			100

* For point 1, & 3 compliance sheet need to be submitted along with technical proposal.

**Copies of Work order / client reference should be provided. Documentary proof for go live of implementation to be provided.

Further the Bank's officials would visit reference sites provided by the Vendor if deemed necessary. The reference site provided by vendors should be Mumbai only. In case there is only one vendor having technical score of 70 or more, the Bank may, at its sole discretion, also consider the next highest technical score and qualify such

vendor. In case, none of the participating vendors qualify on technical criteria and reach or exceed the cut-off score of 70, then the Bank, at its sole discretion, may qualify two vendors on the basis of the top 2 scores. However, the Bank at its discretion may reject the proposal of the Vendor or will not consider vendor below cutoff marks by relaxing as mentioned above, if in the Bank's opinion the Vendor could not present or demonstrate the proposed solution as described in the proposal or in case the responses received from the customer contacts / site visited are negative or the proposed solution does not meet the Bank's functional and technical requirement.

Proof of Concept (POC)

1. If required Bank may call for POC from the vendors giving 2 days advance communication. In the POC the vendor needs to demonstrate the proposed solution as per Bank's requirement complying requirement mentioned in Annexure - 10 at our office in BKC, Mumbai (C-34, G Block, Bandra Kurla Complex, Bandra (E), Mumbai - 51) or at vendor's premises or at another location as informed by the Bank.
 - a) The POC would be done to check whether the proposed solution meets the technical requirement as mentioned in Annexure 10.
2. Any vendor who is not complying with the above POC will be technically disqualified and will not qualify for commercial bid evaluation.
3. The vendor will have to bear all expenses occur for POC.

The Bank reserves the right to accept or reject any tender in whole or in parts without assigning any reason thereof. The decision of the Bank shall be final and binding on all the vendors to this document and bank will not entertain any correspondence in this regard.

Vendors who meet these criteria would only qualify for the commercial bid opening.

o Commercial Bid Evaluation

The vendor who achieves the required cut – off technical score as part of technical evaluation shall be qualified for commercial bid opening. The commercial bid would be evaluated based on a "Total Cost of Ownership" ('TCO') basis. The key considerations of the TCO would be the total payouts for entire project through the contract period of 5 years, discounted at 10% to arrive at the present value of the future cash outflows. The evaluation will be done as follows:

- ▶ The discounted rate will be calculated on yearly basis based on the formula $A/(1+i/100)^n$ where A= Total Value in each Year; i=10% and n =Year.
- ▶ The Present Value will be calculated for all components where the payment is recurring year on year. The Present Value for the component will start from the year of purchase of that component / start of the services (AMC) and shall be calculated till the end year of the contract. Further n - number of period will be '0' in the year of purchase of that component / start of the services and subsequently increased by 1 for subsequent years.
- ▶ Any component / service for which the payment is a One Time Cost the NPV cost of the equipment / service for that year will be considered and the relevant year's NPV cost will be added as part of the Present Value calculation for that year. Further the payment of the OTC component / service not being recurring in nature hence

the present value for that component / service will be considered in the year of purchase only and not in subsequent years.

○ **Weighted Evaluation:**

On the basis of the combined weighted score for technical and commercial evaluation, the bidders shall be ranked in terms of the total score obtained. The proposal obtaining the highest total combined score in evaluation of quality and cost will be ranked as H-1 followed by the proposals securing lesser marks as H-2, H-3 etc. The proposal securing the highest combined marks and ranked H-1 shall be recommended for award of contract.

As an example, the following procedure can be followed:

A score (S) will be calculated for all qualified bidders using the following formula:

$$\frac{C_{low}}{C} \times 100 + T(1 - X)$$

C stands for discounted rate arrived basis of commercial evaluation;

C_{low} stands for the lowest discounted rate arrived basis of commercial evaluation.

T stands for technical evaluation score and

X is equal to 0.30.

#	Bidder	Technical Evaluation Marks (T)	Discounted Rate (C)	T * 0.70 (A)	[(C _{low} / C) x 100] x 0.30 (B)	Score (S = A +B)
1	AAA	75	120	52.5	25	77.5
2	BBB	80	100	56	30	86
3	CCC	90	110	63	27.3	90.3

In the above example, **C_{low}** is 100.

In the above example, CCC, with the highest score becomes the successful bidder.

In case of more than one vendor with equal highest score (S) upto three decimal, then number of decimal will be increased.

The decision of the Bank shall be final and binding on all the vendors to this document. The Bank reserves the right to accept or reject an offer without assigning any reason whatsoever

Notwithstanding above, in case of change of policy or any unavoidable circumstances Bank reserve the right to terminate this assignment or any subsequent agreement and / or any particular order, in whole or in part by giving Vendor at least 90 days prior notice in writing.

The Bank reserves its right to cancel the order in the event of one or more of the following situations, that are not occasioned due to reasons solely and directly

attributable to the Bank alone and it will be considered as a breach of obligations of vendor:

The Vendor understands the largeness of this Project and that it would require tremendous commitment of financial and technical resources for the same from the Vendor for the tenure of this Tender and subsequent Agreement. The Parties therefore agree and undertake that an exit at any point in time resulting due to expiry or termination of this Tender and subsequent Agreement for any reason whatsoever would be a slow process over a period of six (6) months, after the completion of the notice period of three (3) months. During this period, the Vendor shall continue to provide the Deliverables and the Services in accordance with this Tender and subsequent Agreement and shall maintain the agreed Service levels.

Immediately upon the date of expiration or termination of the Agreement, Bank shall have no further obligation to pay any fees for any periods commencing on or after such date.

Services. However, the Vendor shall continue performance of the Contract to the extent not terminated.

The Bank will provide the selected vendor a remedy period of 30 days to rectify a default or given situation. The 90 day time period will commence from the day the Bank has sent such correspondence to the selected vendor.

In case of order cancellation, any payments made by the Bank to the Vendor for unacceptable deliverables would necessarily have to be returned to the Bank with interest @ 15% per annum from the date of each such payment. These payments to be returned would refer to those deliverables that will have to be reversed or redone post the termination of the vendor.

As part of Reverse Transition Services, Bank shall have the right, and Vendor shall not object to or interfere with such right, to contract directly with any Vendor's subcontractor.

4.9. Contract Review and Effect of Termination

The Bank desires to appoint the successful vendor for a total period of 5 years, considering the effort and investments required in the arrangement. However, understanding the complexities of the entire arrangement would like to safe guard the interests of all the entities involved in the arrangement. Therefore, the Bank would like to have options to revisit the arrangements and terms of contract as well as to re-price the same after the contract term on mutually agreed terms if necessary.

The Bank expects the benefits from any un-anticipated decrease in technology infrastructure costs, over the term of the contract due to reduction of prices, efficient use of IT infrastructure / reduction of statutory charges, etc. and operations management methods that yield more efficient operations, to be passed on through re-negotiation. No conflict between the successful vendor and the Bank will cause cessation of services. Only by mutual consent the services can be withdrawn. This would include a well-defined reverse transition mechanism, which would normally require 3 to 6 months and will contain

- ▶ Procedures for transition and migrating to the new service provider
- ▶ Time frame for parallel run

Skill transfer mechanism and in specific cases the human resources requirement.

4.10. Subcontracting

The vendor shall not subcontract or permit anyone other than its personnel to perform any of the work, service or other performance required by it under this assignment without the prior written consent of Bank.

- ▶ notifies the Vendor in writing as soon as practicable when the Bank becomes aware of the claim; and
- ▶ cooperates with the Vendor in the defense and settlement of the claims.

However, (i) the Vendor has sole control of the defense and all related settlement negotiations (ii) the Bank provides the Vendor with the assistance, information and authority reasonably necessary to perform the above and (iii) the Bank does not make any statements or comments or representations about the claim without the prior written consent of the Vendor, except where the Bank is required by any authority/regulator to make a comment/statement/representation.

If use of deliverables is prevented by injunction or court order because of any such claim or deliverables is likely to become subject of any such claim then the Vendor, after due inspection and testing and at no additional cost to the Bank, shall forthwith either 1) replace or modify the software / equipment with software / equipment which is functionally equivalent and without affecting the functionality in any manner so as to avoid the infringement; or 2) obtain a license for the Bank to continue the use of the software / equipment, as required by the Bank as per the terms and conditions of this Tender and subsequent Agreement and to meet the service levels; or 3) refund to the Bank the amount paid for the infringing software / equipment and bear the incremental costs of procuring a functionally equivalent software / equipment from a third party, provided the option under the sub clause (3) shall be exercised by the Bank in the event of the failure of the Vendor to provide effective remedy under options (1) to (2) within a reasonable period which would not affect the normal functioning of the Bank.

The Vendor shall not be liable for defects or non-conformance resulting from:

- ▶ Software, hardware, interfacing, or supplies for the solution not approved by Vendor; or

- ▶ any change, not made by or on behalf of the Vendor, to some or all of the software/deliverables supplied by the Vendor or modification thereof, provided the infringement is solely on account of that change ;

Indemnity would cover damages, loss or liabilities suffered by the Bank arising out of claims made by regulatory authorities for reasons attributable to breach of obligations under this RFP and subsequent agreement by the Vendor.

In the event of successful vendor does not fulfill its obligations under this clause within the period specified in the notice issued by the BOB, Bank has the right to recover the amounts due to it under this provision from any amount payable to the vendor under this project.

The indemnities under this clause are in addition to and without prejudice to the indemnities given elsewhere in this agreement.

The vendor is not absolved from its responsibility of complying with the statutory obligations as specified above. Indemnity shall exclude indirect, consequential and incidental damages.

4.13. Limitation of Liability

Service Provider's aggregate liability in connection with obligations undertaken as a part of the Agreement regardless of the form or nature of the action giving rise to such liability (whether in contract, tort or otherwise), shall be at actual and limited to the Total Contract Value.

Service Provider's liability in case of loss suffered by Bank on account of claims against the Bank resulting from Willful Misconduct or Gross Negligence arising due to infringement of patents, trademarks, copyrights or such other Intellectual Property Rights or breach of confidentiality obligations shall be unlimited.

Annexure 11–Service Levels

The Vendor understands the largeness of this Project and that it would require tremendous commitment of financial and technical resources for the same, for the tenure of Contract under this RFP. The Vendor therefore agrees and undertake that an exit resulting due to expiry or termination of Contract under this RFP or for any reason whatsoever would be a slow process over a period of six (6) months, after the completion of the notice period, and only after completion of the Vendors obligations under a reverse transition mechanism. During this period of Reverse Transition, the Vendor shall continue to provide the Deliverables and the Services in accordance with the contract under this RFP and shall maintain the agreed Service levels. The Bank shall make payment for these services as per terms.

The Bank expects that the successful Vendor to adhere to the following minimum Service Levels:

- Any fault/ issue/ defect failure intimated by Bank through any mode of communication like call/e-mail/fax etc. are to be acted upon, so as to adhere to the service levels. Business/ Service Downtime and Deterioration shall be the key considerations for determining “Penalties” that would be levied on the Successful Vendor.
- The Vendor should have 24X7 monitoring, escalation and resolution infrastructure.
- Time bound problem addressing team (onsite/offsite) for the complete contract period.
- Vendor to arrange for updation required in the system to meet the changes suggested by RBI/ Govt. of India/ regulatory authorities towards compliance as part of ATS at no extra cost to bank for the entire contract period. Any delay in meeting the timelines would result in penalty.

Vendor will have to guarantee a minimum uptime of 99.9%, calculated on a monthly basis. Application availability will be 99.9% on 24x7x365. The penalty will be calculated as per the details given below.

Uptime percentage - 100% less Downtime Percentage

Downtime percentage - Unavailable Time divided by Total Available Time, calculated on a monthly basis.

Total Available Time – 24 hrs per day for seven days a week excluding planned downtime

Unavailable Time - Time involved while the solution is inoperative or operates inconsistently or erratically.

Uptime Percentage	Penalty Details
A >= 99.9%	No Penalty
99.9% > A >=99.5%	2% of cost of monthly maintenance charges

Uptime Percentage	Penalty Details
99.5% > A >= 99%	5% of cost of monthly maintenance charges
99% > A	Penalty at an incremental rate of 1% (in addition to a base of 5%) of cost of monthly maintenance charges for every 0.1% lower than the stipulated uptime

The uptime percentage would be calculated on monthly basis and the calculated amount would be adjusted from every subsequent quarter payment. The SLA charges will be subject to an overall cap of **10% of the Monthly Maintenance Charges** and thereafter, Bank has the discretion to cancel the contract. If Vendor materially fails to meet an uptime of 99% for three (3) consecutive months, the Bank may have the right to terminate the contract. In case if there is no pending invoices to be paid by the Bank to the vendor, the vendor has to submit a pay order / cheque payable at Mumbai in favour of Bank of Baroda for the same within 15 days from the notice period from the Bank.

Availability Service Level Default

- Availability Service Level will be measured on a monthly basis.
- A Service Level Default will occur when the vendor fails to meet Minimum uptime (99.9%), as measured on a monthly basis.

SLA for Implementation Delay:

In case implementation deadlines are not met for reasons attributable to vendor then the Vendor will have to pay penalty to Bank of Baroda @ 1% of order value inclusive of all taxes, duties, levies etc., per week or part thereof, for late implementation beyond due date of implementation, to a maximum of 5%. If delay exceeds two weeks from due date of implementation, Bank of Baroda reserves the right to cancel the entire order.

Any deliverable has not been implemented or not operational for reasons attributable to vendor on account of which the implementation is delayed, will be deemed/treated as non-delivery thereby excluding the Bank from all payment obligations under the terms of this contract
