4.2 Commercial Bid Evaluation

The commercial bids of only those vendors who qualify in both eligibility and technical evaluation will be opened. The date for opening of the commercial bid would be communicated separately to the technically eligible vendors. The commercial bids submitted by vendors will be evaluated based on discounted total cost of ownership. The discount rate will be used @ 10%. The key considerations of the TCO would be the total payouts for entire project through the contract period, discounted at 10% to arrive at the present value of the future cash outflows. Accordingly the L1 (Lowest Vendor) would be arrived at. The calculation performed by the Bank in this regard is as follows:

- The discounted rate will be calculated on yearly basis based on the formula $A/(1+i/100)^n$ where A= Total Value in each Year; i=10% and n =Year
- The Present Value will be calculated for all components where the payment is recurring year on year. The Present Value for the component will start from the year of purchase of that component / start of the services and calculated till the end year of the contract. Further n – number of period will be '0' in the year of purchase of that

component / start of the services and subsequently increased by 1 for subsequent years.

- Any component / service for which the payment is a One Time Cost the NPV cost of the equipment / service for that year will be considered and the relevant year's NPV cost will be added as part of Present Value calculation for that year. Further the payment of the OTC component / services is not recurring in nature hence the present value for that component / services will be considered in the year of purchase only and not in subsequent years.

The decision of the Bank shall be final and binding on all the vendors to this document. The Bank reserves the right to accept or reject an offer without assigning any reason whatsoever. The Vendor is expected not to add any conditions / deviations in the commercial bid. Any such conditions / deviations may make the bid liable for disqualification.

If the Bank project manager / director and vendor project manager / director are unable to resolve the dispute after thirty days from the commencement of such informal negotiations, they shall immediately escalate the dispute to the senior authorized personnel designated by the vendor and Bank respectively.

If after thirty days from the commencement of such negotiations between the senior authorized personnel designated by the vendor and Bank, the Bank and the vendor have been unable to resolve contractual dispute amicably, either party may require that the dispute be referred for resolution through formal arbitration.

All questions, disputes or differences arising under and out of, or in connection with the contract or carrying out of the work whether during the progress of the work or after the completion and whether before or after the determination, abandonment or breach of the contract shall be referred to arbitration by a sole Arbitrator acceptable to both parties OR the number of arbitrators shall be three, with each side to the dispute being entitled to appoint one arbitrator. For purposes of this Clause, "Force Majeure" means an event explicitly beyond the reasonable control of the vendor and not involving the vendor's fault or negligence and not foreseeable. Such events are Acts of God or of public enemy, acts of Government of India in their sovereign capacity, strikes, political disruptions, bandhs, riots, civil commotions and acts of war.

If a Force Majeure situation arises, the vendor shall promptly notify the Bank in writing of such conditions and the cause thereof within fifteen calendar days. Unless otherwise directed by the Bank in writing, the vendor shall continue to perform vendor's obligations under this Agreement as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

If the duration of delay continues beyond a period of three months, the Bank and vendor shall hold consultations in an endeavor to find a solution to the problem.

6.8 Termination

Any order of deliverables placed by the Bank will be for a lock in period of 3 year from the start date of service of that deliverables. Bank shall have the option to terminate any subsequent agreement and / or any particular order, in whole or in part by giving Vendor at least 90 days' prior notice in writing. It is clarified that the Vendor shall not terminate the subsequent Agreement for convenience.

However, in lock in period the Bank will be entitled to terminate this RFP and any subsequent agreement, if Vendor breaches any of its obligations set forth in this RFP and any subsequent agreement and

- ▶ Such breach is not cured within thirty (30) Working Days after Bank gives written notice; or
- ▶ if such breach is not of the type that could be cured within thirty (30) Working Days, failure by Vendor to provide Bank, within thirty (30) Working Days, with a reasonable plan to cure such breach, which is acceptable to the Bank. Or

This Tender and subsequent Agreement shall be deemed to have been terminated by either Party one day prior to the happening of the following events of default:

- ▶ The other Party becomes unable to pay its debt as they fall due or otherwise enters into any composition or arrangement with or for the benefit of its creditors or any class thereof;
- ▶ A liquidator or a receiver is appointed over all or a substantial part of the undertaking, assets or revenues of the other Party and such appointment continues for a period of twenty one (21) days;
- ▶ The other Party is subject of an effective resolution for its winding up other than a voluntary winding up for the purpose of reconstruction or amalgamation upon terms previously approved in writing by the other Party; or
- ▶ The other Party becomes the subject of a court order for its winding up.

The Bank, by written notice of default sent to the Vendor, may terminate this Contract in whole or in part without prejudice to any other remedy for breach of Contract if the Vendor fails to deliver any or all of the Design, Goods, Works and Services, within the period(s) specified in the Contract or within any extension thereof granted by the Bank

The Vendor understands the largeness of this Project and that it would require tremendous commitment of financial and technical resources for the same from the Vendor for the tenure of this Tender and subsequent Agreement. The Parties therefore agree and undertake that an exit at any point in time resulting due to expiry or termination of this Tender and subsequent Agreement for any reason whatsoever would be a slow process over a period of six (6) months, after the completion of the notice period of three (3) months. During this period, the Vendor shall continue to provide the Deliverables and the Services in accordance with this Tender and subsequent Agreement and shall maintain the agreed Service levels.

Immediately upon the date of expiration or termination of the Tender and subsequent Agreement, Bank shall have no further obligation to pay any fees for any periods commencing on or after such date.

Without prejudice to the rights of the Parties, upon termination or expiry of this Tender and subsequent Agreement, Bank shall pay to Vendor, within thirty (30) days of such termination or expiry, of the following:

Upon the termination or expiry of this Tender and subsequent Agreement:

- ▶ Upon Bank's request, with respect to (i) any agreements for maintenance, disaster recovery services or other third-party services, and any Deliverables not owned by the Vendor, being used by Vendor to provide the Services and (ii) the assignable agreements, Vendor shall, use its reasonable commercial endeavours to transfer or assign such agreements and Vendor Equipment to Bank and its designee(s) on commercially reasonable terms mutually acceptable to both Parties.
- ▶ Upon Bank's request in writing, Vendor shall be under an obligation to transfer to Bank or its designee(s) the Deliverables being used by Vendor to perform the Services free and clear of all liens, security interests, or other encumbrances at a value calculated as stated.

In the event the Bank terminates the Contract in whole or in part, the Bank may, among other applicable remedies, procure Goods, Works or Services similar to those undelivered upon such terms and in such manner as it deems appropriate, and hold the Vendor liable to the Bank for any excess costs for such similar Goods, Works or Services. However, the Vendor shall continue performance of the Contract to the extent not terminated.

The Bank will provide the selected vendor a remedy period of 90 days to rectify a default or given situation. The Bank will provide in writing the nature of the default to the selected vendor through a letter or mail correspondence. The 90 day time period will commence from the day the Bank has sent such correspondence to the selected vendor.

The Bank reserves its right to cancel the order in the event of one or more of the following

situations, that are not occasioned due to reasons solely and directly attributable to the Bank alone and it will be considered as a breach of obligations of vendor:

- ▶ Delay in implementation beyond the specified period that is agreed in the contract that will be signed with the successful vendor.
- ▶ Discrepancy in the quality of service / security expected during the implementation, rollout and subsequent maintenance process.
- ▶ The amount of penalties has exceeded the overall cap of 5% of the total contract value in any year during the contract period.
- ▶ Failure of the vendor make good the situation within the remedy period

In case of order cancellation, any payments made by the Bank to the Vendor would necessarily have to be returned to the Bank with interest @ 15% per annum from the date of each such payment. These payments to be returned would refer to those deliverables that will have to be reversed or redone post the termination of the vendor.

As part of Reverse Transition Services, Bank shall have the right, and Vendor shall not object to or interfere with such right, to contract directly with any Vendor's subcontractor.

6.9 Contract Review and Effect of Termination

The Bank desires to appoint the successful Bidder for a total period of 5 years, considering the effort and investments required in the arrangement. However, understanding the complexities of the entire arrangement would like to safe guard the interests of all the entities involved in the arrangement. Therefore, the Bank would like to have options to revisit the arrangements and terms of contract as well as to re-price the same after the contract term on mutually agreed terms if necessary.

The Bank expects the benefits from any un-anticipated decrease in technology infrastructure costs, over the term of the contract due to reduction of prices, efficient use of IT infrastructure / reduction of statutory charges, etc. and operations management methods that yield more efficient operations, to be passed on through re-negotiation. No conflict between the successful vendor and the Bank will cause cessation of services. Only by mutual consent the services can be withdrawn. This would include a well-defined reverse transition mechanism, which would normally require 3 to 6 months and will contain

- ▶ Procedures for transition and migrating to the new service provider
- ▶ Time frame for parallel run

Skill transfer mechanism and in specific cases the human resources requirement

However, (i) the Vendor has sole control of the defense and all related settlement negotiations (ii) the Bank provides the Vendor with the assistance, information and authority reasonably necessary to perform the above and (iii) the Bank does not make any statements or comments or representations about the claim without the prior written consent of the Vendor, except where the Bank is required by any authority/regulator to make a comment/statement/representation.

If use of deliverables is prevented by injunction or court order because of any such claim or deliverables is likely to become subject of any such claim then the Vendor, after due inspection and testing and at no additional cost to the Bank, shall forthwith either 1) replace or modify the software / equipment with software / equipment which is functionally equivalent and without affecting the functionality in any manner so as to avoid the infringement; or 2) obtain a license for the Bank to continue the use of the software / equipment, as required by the Bank as per the terms and conditions of this Tender and subsequent Agreement and to meet the service levels; or 3) refund to the Bank the

amount paid for the infringing software / equipment and bear the incremental costs of procuring a functionally equivalent software / equipment from a third party, provided the option under the sub clause (3) shall be exercised by the Bank in the event of the failure of the Vendor to provide effective remedy under options (1) to (2) within a reasonable period which would not affect the normal functioning of the Bank.

The Vendor shall not be liable for defects or non-conformance resulting from:

- ▶ Software, hardware, interfacing, or supplies for the solution not approved by Vendor; or
- ▶ any change, not made by or on behalf of the Vendor, to some or all of the software/deliverables supplied by the Vendor or modification thereof, provided the infringement is solely on account of that change ;

Indemnity would cover damages, loss or liabilities suffered by the Bank arising out of claims made by regulatory authorities for reasons attributable to breach of obligations under this RFP and subsequent agreement by the Vendor.

In the event of successful vendor not fulfilling its obligations under this clause within the period specified in the notice issued by the BOB, Bank has the right to recover the amounts due to it under this provision from any amount payable to the vendor under this project.

The indemnities under this clause are in addition to and without prejudice to the indemnities given elsewhere in this agreement.
