1. Arrangements for Collection:

Customer can deposit cheques for collection/clearing during the business hours at counter at branch or through Drop Box (where ever available).

Both the drop box facility and the facility for acknowledgment of the cheques at regular collection counters should be available to the customers and no branch should refuse to give an acknowledgment if the customer tenders the cheques at the counters.

Bank should ensure that customers are not compelled to drop the cheques in the drop-box. Further, in the context of customer awareness in this regard, bank should invariably display on the cheque drop box itself that **“Customers can also tender the cheques at the counter and obtain acknowledgment on the pay-in-slips”**. The above message is required to be displayed in English, Hindi and the concerned regional language of the State.

Banks are also advised to make absolutely fool proof arrangements accounting for the number of instruments each time the box is opened so that there are no disputes and the customer’s interests are not compromised.

1.1 (a) Local Cheques

All **CTS compliant** cheques and other Negotiable Instruments payable under **the grid system** would be presented through the clearing system prevailing at the centre. Cheques deposited at branch counters and in cheque drop boxes before the specified cut-off time will be presented for clearing during immediate cycle of clearing. Cheques deposited after the cut-off time in cheque drop boxes within and outside the branch premises including off-site ATMs will be presented in the next clearing cycle. As a policy, bank would give credit to the customer account on the day clearing settlement takes place. Withdrawal of amounts so credited would be permitted as per the cheque return schedule of the clearing house at the centre.

The branches will display the cut-off time for receipt of cheques to be sent in clearing during the next clearing cycle. The cut-off time for collection of cheque

from drop boxes installed at off-site ATM will be displayed on the face of the drop boxes.

Local cheques drawn on our branches will be credited in the customer's account on the same day subject to confirming the guidelines on Inter-SOL transactions.

There are no charges for collection of local cheques.

1.1(b) Non-CTS Cheques will be presented in the clearing house at the prescribed intervals which is presently once a week on each Monday or as decided by RBI from time to time. In certain categories of cheques, (subject to amendments in guidelines) or instruments demanded by the correspondent Bank or Image quality Assessment (IQA) failure will be presented in physical form to the drawee bank.

1.1(c) The Bank branches, situated at centers where there are no arrangements of clearing house, would present local cheques on drawee banks across the counter and it would be the bank's endeavor to credit the proceeds at the earliest, **but not later than 3rd working day from the date of deposit by customer.**

1.2. Outstation Cheques:

1.2 (a) Cheques drawn on other banks at outstation centres other than those covered under para-1 above, will normally be collected through bank's branches at those centres. Where the bank does not have a branch of its own, the instrument would be directly sent for collection to the drawee bank or collected through a correspondent bank.

1.2 (b) Cheques drawn on bank's own branches at outstation centres will be collected using the inter-branch arrangements in vogue. Branches which are connected through a centralized processing arrangement and are offering anywhere banking services to its customers will provide same day credit to its customers in respect of outstation instruments drawn on any of its branches in the CBS network if received in the branch up to specified time and latest by next working day if deposited / dropped in collection box outside the branch premises including the offsite ATMs.

account, interest shall be recovered at the rate of 2% above the interest rate applicable to the overdraft/loan from the date of credit to the date of reversal of the entry if the cheque/ instrument were returned unpaid to the extent the bank was out of funds.

3. Purchase of local / outstation cheques

In case of temporary suspension of Clearing House operations for reasons beyond the control of authorities /bank, and it is apprehended that suspension may prolonged, in order to curtail hardship of the constituents, bank may try to accommodate both borrowers and depositors to the extent possible by purchasing Banker's cheques, demand draft etc and cheques deposited in their account drawn by Government Departments and Demand Draft drawn on local banks. It may be noted that interest payment as given above would be applicable only for instruments sent for collection within India.

At certain locations where bank has no branches, the instrument would be directly sent for collection to the drawee bank or collected through a correspondent bank. 8. Collection of third party cheque:

“In consonance with the legal requirements and in particular, the intent of the Negotiable Instruments Act, 1881 and with a view to protect the banks being burdened with liabilities arising out of unauthorized collections, and in the interest of the integrity and soundness of the payment and banking systems, and in order to prevent recurrence of deviations observed in the recent past, the Reserve Bank has considered it necessary to prohibit the banks from crediting 'account payee' cheque to the account of any person other than the payee named therein. Accordingly, branch will not collect account payee cheques for any person other than the payee constituent”.

However, under following circumstances bank will collect account payee cheques for third parties.

- a) Where the drawer / payee instructs the bank to credit the proceeds of collection to any account other than that of the payee, the instruction being contrary to the intended inherent character of the 'account payee' cheque, bank will ask the drawer / payee to have the cheque or the account payee mandate thereon withdrawn by the drawer. This instruction would also apply with respect to the cheque drawn by a bank payable to another bank.
- b) In order to facilitate collection of cheques from a payment system angle, account payee cheques deposited with the sub-member for credit to their customers' account can be collected by the member bank (referred to as the sponsor member) of the Clearing House. Under such arrangements, there should be clear undertaking to the effect that the proceeds of the account payee cheque will be credited to the payee's account only, upon realization.
- c) With a view to mitigate the difficulties faced by the members of co-operative credit societies in collection of account payee cheques, bank may consider collecting account payee cheques drawn for an amount not exceeding Rs. 50,000/- to the account of their customers and the payees of such cheques are the constituents of such co-operative credit societies. While collecting the cheques as aforesaid, bank will obtain a clear representation in writing from the co-operative credit societies concerned that, upon realization, the proceeds of the cheques will be credited only to the account of the member of the co-operative credit society who is the payee named in the cheque.
